

Franco-italienne de naissance, ayant passé la majeure partie de ma vie en Pologne et vivant désormais avec mon mari polonais à Bruxelles; l'Europe a toujours fait partie de ma vie et le compromis, entre différentes cultures, de mon quotidien.

De plus, travaillant sur les questions d'agriculture durable et de protection de l'environnement, j'ai développé, par ma profession, des connaissances importantes sur des questions chères aux écologistes français et européens. Valeurs que je défends par ailleurs grâce à mon engagement personnel, au sein d'EELV Belgique et d'Ecolo (parti vert belge), mais aussi comme membre actif du mouvement Slow Food. Mouvement qui a fondé une université en Italie, où j'ai étudié un an à la suite de mon double diplôme en Affaires Européennes entre la Pologne et la France.

J'ai donc un parcours très européen (mon CV est joint si vous souhaitez en savoir plus) et ai développé une grande habitude à travailler en anglais avec des personnes venant de toute l'Europe.

Il me semble que tant mon parcours personnel que professionnel pourrait être utile et nourrir mon travail ainsi que la réflexion commune en tant que déléguée au PVE.

PVE qui, aujourd'hui plus que jamais, se doit de mener un projet concret et ancrer dans la réalité, en apportant des propositions audacieuses pour un Europe plus démocratique, plus sociale et plus écologique. C'est sur cela que je souhaiterais travailler, en collaboration avec vous tous, comme déléguée d'EELV avec une vision et connaissance large de l'Europe.

Plus précisément, je souhaiterais m'investir sur les questions agricoles et environnementales bien sûr, mais aussi de protection du consommateur et de collaboration entre les écologistes des différents pays européens au sein du PVE et plus largement, notamment sur le terrain.

Enfin, je souhaite souligner que l'importance de l'Europe pour EELV est une des raisons principales pour laquelle je m'y suis engagée et serais d'autant plus motivée et ravie de le représenter au niveau du PVE.
